### 17. Please add any additional comments about your agency for Section I: Program Activities. (Optional)

### Yext Respons

The Department of Navy/Assistant for Administration (DON/AA), Directives and Records Management Division (DRMD) provides briefings to senior and appointed officials as part of the senior official's check-in process. This briefing includes the senior official's responsibilities for email preservation, separation of personal papers from official documents, and documentation of their public service. Check-out procedures require that all Senior Executive Service (SES)/Flag Officers be briefed by the U.S. Navy Records Officer. Additionally all USN Staff are required to take RM training yearly via TWMS or NKO. This training is currently being updated to reflect new laws and regulations.

18. In addition to your agency's established records management policies and records schedules, has your agency's records management program developed and implemented internal controls to ensure that all eligible, permanent agency records in all media are transferred to NARA according to approved records schedules? (36 CFR 1222.26(e)) \*\* These controls must be internal to your agency. Reliance on information from external agencies (for example, NARA's Federal Records Centers) or other organizations should not be considered when responding to this question.

### 28. Please describe your agency's records management program's performance goals.

Text Rasponse

The DON Records Management Program performance goals are to: (1) Implement a new records and task management solution that will be DoD 5015.2-STD (Electronic Records Management Software Applications Design Criteria Standard) compliant by the end of CY 2016. Currently, Total Records Information Management (TRIM) is the DON Secretariat and U.S. Navy's DoD 5015.02-STD certified records management system. TRIM, which is accessible to roughly 50 percent of DON personnel, contains millions of DON Secretariat and U.S. Navy records that are separated and management solution is needed for the 21st century, the DON has engaged in implementing a records and task management solution that will replace TRIM. The system is named "DON. Tasking, Records, and Consolidated Knowledge Enterprise Repository" (DON TRACKER). DON TRACKER, DON TRACKER acts as a task management tool that enables the collaboration and workflow of the DON's most important documents and records, and serves as the DOD 5015.2-STD compliant repository for DON Secretariat and U.S. Navy records. In addition to be lein jimplemented throughout the DON secretariat and U.S. Navy procords. In addition to be lein jimplemented throughout the DON secretariat and U.S. Navy records. In addition to be lein jimplemented throughout the DON secretariat and U.S. Navy procords. This approach will reduce the quantity of records retention schedules by approximately 90 percent, while Improving the quality of the schedules and enabling efficient electronic records management. DON/AA DRMD completed the revision in FY 2014 and plans to work with NARA for approval in FY 2016, One Chapter (Finance) has already been accepted and is about to go the Federal Register. (3) Assign or create NARA-approved records schedules for all "Unscheduled" scienced as federal Records Centers (FRCs) by end of CY 2016. (4) Implement a NARA capstone approach to email management. (5) Conduct records assistance visits as part of the Records Assistance Program to all SECNAV and OPNAV offices by the end of FY 2

29. Please describe the progress your agency has made towards identifying performance goals for its records management program. Include the time frame for completion in your remarks.

### Text Respons

Vital records are identified at the local office level on the DON/AA DRMD approved Naval Organizational Records File Plan (OPNAV 5210/76(Rev. 7-2011)). Due to the U.S. Navy's size, DON/AA DRMD does not retain a complete list of all the vital records in the DON Secretariat and U.S. Navy. The DON Secretariat and U.S. Navy electronic records, including records in TRIM, the Electronic Records Management Software Applications Design Criteria Standard (DoD 5015.2-STD) compliant system, are managed in redundancy at several locations throughout the world and are backed up daily.

	Total	1	

### 89. What methods does your agency use to identify new and unscheduled records?

#### ext Responsi

With one of, if not the largest records retention manual in the Federal government there are very few records the DON needs to be scheduled other than newer EIS system schedules. When we do identify a new record type we work with the key stakeholders and work with them to develop and/or change an older schedule. A schedule is placed in ERA and we then work with our appraisal archivist on the schedule. We are also drafting a newly revised bucket schedule.

### 90. Has your agency identified any additional unscheduled records that have not already been reported to NARA?

#	Answer	Bar	Response
